SHARING INSIGHTS ON CORPORATE PLANNING

分享企業規劃的見解

AAHK Chairman Fred Lam inspires students by sharing his practical management experience.
機管局主席林天福分享他的實際管理經驗以啟發學生。

On 1 March, Airport Authority Hong Kong (AAHK) Chairman Fred Lam delivered a guest lecture at The University of Hong Kong, addressing masterclass students on the critical role of corporate planning. He shared valuable insights from his extensive leadership experience.

Chairman Lam emphasised that effective corporate planning begins with setting clear goals and developing a comprehensive understanding of the market and competitive landscape. He noted that to achieve shared objectives, it is imperative to cultivate internal alignment within the workforce and to manage time and resources efficiently.

In a rapidly evolving market, Chairman Lam underscored the necessity for continuous review and project tracking to ensure the

successful execution of strategies. Drawing on his experience at AAHK, he illustrated how the organisation has embraced a flexible and dynamic approach to corporate planning. This approach encompasses both short- and long-term planning horizons, extends beyond physical infrastructure to include services, business models and innovations, and focuses on the continuous evaluation of market changes and the formulation of proactive responses. For instance, in its initiative to build a smart airport, AAHK has developed technology roadmaps spanning three-, five- and 10-year time frames.

Concluding the class, the floor opened for a Q&A session, during which Chairman Lam engaged in meaningful exchanges with the next generation of leaders.

3月1日，香港機場管理局主席林天福於香港大學以客座講師身分，與研究生闡述企業規劃的重要角色。林主席憑藉豐富的管理經驗，分享了寶貴的見解。

林主席強調，有效的企業規劃建立在清晰目標上，並需深入了解市場及競爭趨勢。他指出，要達成共同目標，關鍵在於團隊內的協調，以及有效管理時間和資源。

林主席指出，面對瞬息萬變的市場，必須不斷檢視及追蹤項目進度，才可確保策略有效執行。他以機管局為例，講述如何採用靈活和具彈性的企業規劃策略。此種模式包括短期及長期規劃周期，更將規劃範疇從實體建設拓展至服務、業務模式及創新等層面，並著重持續評估市場動態、主動制定應對策略。例如，在智能機場的建設規劃中，機管局制定了涵蓋三年、五年及十年期的科技發展藍圖。

演講結束前舉行了問答環節，林主席與這些未來領袖進行了深入互動交流，分享心得。

SEVEN DECADES OF HONG KONG— TOKYO CONNECTIVITY

歡慶香港往來
東京航線70周年

Japan Airlines celebrated 70 years of the Hong Kong—Tokyo route with a commemorative ceremony at Hong Kong International Airport (HKIA) on 5 February. Airport Authority Hong Kong (AAHK) Acting CEO Vivian Cheung, Japan Airlines (JAL) senior management and government officials attended the event. Passengers also received gifts to mark the occasion. Inaugurated in 1955, the

Hong Kong—Tokyo route was JAL's second international venture and its first within Asia. Since then, the airline has become a key player in Hong Kong's aviation industry. Initially launching the service with two weekly flights, JAL now operates one daily flight from each of Narita and Haneda airports in Tokyo to meet increased demand.

日本航空於2月5日在香港國際機場舉行了一場紀念儀式，慶祝香港往返東京

航線開通70周年。香港機場管理局署理行政總裁張李佳蕙、日本航空高級管理層及政府官員均出席活動，旅客亦獲贈禮物以作紀念。

香港往返東京航線於1955年開通，是日本航空的第二條國際航線，也是其在亞洲的首條航線。日本航空自始便成為香港航空業的重要一員，最初每周僅提供兩班航班，至今為滿足日益增長的需求，日本航空每天分別從東京成田機場和羽田機場各執飛一班航班。

CATHAY CARGO LEADS IN INDUSTRY DIGITALISATION

國泰貨運引領行業數碼化

Cathay Cargo has become the first airline to implement the International Air Transport Association's (IATA) ONE Record data protocol in its daily operations with forwarders, a year ahead of IATA's target. In December 2024, three freight forwarders in Mainland China began using an interface compliant with ONE Record standards to exchange electronic air waybills and shipment status information with Cathay Cargo.

Covering the entire transport chain from shipper to consignee,

ONE Record creates an end-to-end digital air cargo ecosystem. It enables secure tracking and data sharing, offering enhanced transparency throughout the supply chain while ensuring privacy. This early implementation demonstrates Cathay Cargo's commitment to leading the digitalisation of the air cargo shipment process.

國泰貨運成為全球首家航空公司在日常與貨運代理商合作的營運中應用國際

航空運輸協會ONE Record數據系統，較國際航空運輸協會的原訂目標提前一年實現。2024年12月，中國內地三家貨運代理商開始使用符合ONE Record標準的介面，與國泰貨運交換電子空運提單及貨物運輸等資訊。

ONE Record涵蓋從付貨人到收貨人的整個貨運鏈，構建端對端的數碼化航空貨運生態系統。該系統具備穩妥的追蹤及數據共享功能，保障私隱的同時提升整條貨運鏈的透明度。國泰貨運提前應用ONE Record數據系統，彰顯了其引領航空貨運流程數碼轉型的決心。

EQUINE THRILLS LIGHT UP AWE

駿馬奔騰 點亮亞博館

AsiaWorld-Expo (AWE) welcomed the inaugural Longines Hong Kong International Horse Show (LHKIHS) from 14 to 16 February. This prestigious, five-star international jumping spectacular is among the most elite on the equestrian calendar, showcasing AWE's expertise in organising diverse global events.

The LHKIHS represented the first international expansion of the esteemed London International Horse Show. Attracting over 14,000 visitors, this three-day event featured thrilling competitions, exhilarating show jumping, and scintillating equestrian and dressage displays by 50 local and international riders and 70 horses from around the world. The jumping fences were decorated with local elements, such as Hong Kong taxis, the iconic Clock Tower in Tsim Sha Tsui, dragon boats and dim sum to create a sense of place for the audience.

Beyond the equestrian performances, attendees were treated to an abundance of

entertaining experiences. The Lifestyle Shopping Village offered about 50 booths showcasing equestrian equipment, gourmet goods, lifestyle items, luxury products and more. In the Kid's Zone, children explored their equestrian skills on hobby horses, while the Chef's Theatre tickled taste buds with culinary delights from acclaimed local chefs.

In preparation for this high-profile international show, AWE's expansive 300,000 square feet of hall space underwent a significant transformation within 10 days. Individual stables were built for each horse, complete with designated showering areas and isolation zones to ensure cleanliness and health. To maintain comfort, the stables were kept at a consistent temperature of 16 degrees Celsius. Additionally, 800 tonnes of sand imported from the UK was mixed with fibres

and other special materials, then moistened to achieve the optimal texture for equestrian activities.

Meanwhile, a series of initiatives guaranteed a pleasant experience for all guests. Water was sprayed and special materials were integrated into the sand rings to minimise dust. The ventilation and drainage systems were meticulously adjusted. Carbon filters were incorporated into the air conditioning system to eliminate odours, while UV sterilisation was installed in the air handling units. Enhanced air purification measures ensured effective airflow, reducing the circulation of unpleasant smells and preventing them from spreading to other exhibition areas.

The resounding success of the LHKIHS has further cemented AWE's reputation as Hong Kong's leading exhibition, convention and event venue.

亞洲國際博覽館於2月14日至16日迎來了首屆「浪琴香港國際馬術盛典」。這項享譽全球的五星級國際馬術障礙賽，不僅是馬術界的頂級盛事，更充分展現了亞博館承辦多元化國際活動方面的卓越能力。

「浪琴香港國際馬術盛典」源自備受推崇的倫敦國際馬術盛典，首度從倫敦移師海外舉行。活動為期三天，吸引了超過14000人次入場觀賞，期間呈獻多場精彩環節，包括由50名本地及國際騎師策騎70匹來自世界各地的駿馬帶來的刺激比賽、高難度的馬術障礙賽，以及精湛的馬術和盛裝舞步表

演。馬術障礙賽的欄杆裝飾融入了香港特色，例如香港的士、尖沙咀地標鐘樓、龍舟及點心等，為觀眾營造了親切的本地文化氣氛。

除了馬術表演，現場亦為參加者帶來豐富的娛樂體驗。「Lifestyle Shopping Village」設有約50個攤位，展示馬術裝備、美食佳餚、生活用品及奢侈品等。「Kid's Zone」則讓喜歡馬術的小朋友參與玩偶馬術遊戲，一試身手；而「Chef's Theatre」則邀請了本地知名廚師，以令人食指大動的美食佳餚滿足參加者味蕾。

為籌備這場備受矚目的國際盛事，亞博館內30萬平方呎的展覽場地在十天內進行了大規模改造，包括為

賽事中每匹馬匹設置獨立馬房，以及專用洗澡區及感染隔離區，確保馬匹清潔健康。馬房溫度一直維持在攝氏16度，為馬匹營造舒適環境。此外，從英國引入的800公噸進口沙與纖維及其他特殊材料混合，再經潤濕處理，達到最適合馬術活動的質地。

此外，亞博館更採取了一系列措施，務求所有參加者都能享有舒適體驗。首先，透過在沙圈內灑水及鋪墊特別物料，減少塵土飛揚。其次，通風及排水系統經過悉心調整，在空調系統中加裝破過濾器以消除異味，同時在空氣處理裝置中安裝了紫外線消毒設備。各項加強空氣淨化的措施，不僅能確保空氣流通，更減少異味擴散，以免飄散至其他展覽區域。

「浪琴香港國際馬術盛典」圓滿舉行，進一步確立亞博館作為香港舉行展覽、會議及活動頂尖場地的聲譽。

1 AFFC GEARS UP FOR GROWTH WITH LEASE EXTENSION

機場空運中心續租迎增長

Airport Authority Hong Kong (AAHK) and Sun Hung Kai Properties (SHKP) have reached an agreement to extend the lease of the Airport Freight Forwarding Centre (AFFC) for 15 years, until 2043. The signing ceremony on 4 March was witnessed by senior management from AAHK and SHKP, as well as senior officials from the Central and Hong Kong governments.

Spanning over 1.5 million square feet, AFFC is operated by a wholly owned subsidiary of SHKP, which has pledged to invest at least HK\$400 million to upgrade the centre with smarter and more customer-centric warehousing and logistics facilities. This upgrade, currently underway and scheduled for phased completion starting in early 2026, will increase AFFC's capacity by 30%. It will enhance Hong Kong International Airport's (HKIA) cargo offerings and help solidify its position as an international aviation and logistics hub.

香港機場管理局與新鴻基地產達成協議，將機場空運中心大樓的租賃期延長15年至2043年。簽約儀式於3月4日舉行，由機管局和新鴻基地產的高級管理人員，以及中央和香港政府的高級官員共同見證。

機場空運中心大樓佔地逾150萬平方呎，由新鴻基地產旗下的全資附屬公司營運。新鴻基地產承諾將投資最少4億港元優化升級大樓，增設更智能、更符合客戶需要的倉庫及物流配套設施。這項升級工程目前正在進行中，預計將於2026年初開始分階段落成，屆時機場空運中心的處理能力將提高30%，有助提升香港國際機場的貨運服務，鞏固其作為國際航空及物流樞紐的地位。

2 WHERE CAREERS TAKE FLIGHT

航空事業 由此啟航

To address the growing demand for talent driven by the commissioning of the Three-runway System at the airport, AAHK held the HKIA Job Fair Tsuen Wan 2025 at Citywalk on 15 and 16 March.

The fair welcomed some 7,000 job seekers. More than 20 airport companies and organisations offered over 1,500 jobs in areas such as aircraft maintenance, aircraft engineering, ground services, airfreight, customer services, cargo handling and more.

To let visitors learn more about the opportunities at HKIA, the fair included an exhibition that highlighted HKIA's recent developments, including the expanded Airport City plan and various technological innovations.

機管局於3月15日及16日在荃新天地舉行「香港國際機場荃灣招聘會2025」，以配合機場三跑道系統啟用後日益增長的人才需求。

招聘會吸引約7 000名求職者參與，逾20家機場相關公司及機構提供超過1 500個職位空缺，涵蓋飛機維修、飛機工程、地勤服務、航空貨運、客戶服務及貨物處理等多個範疇。

招聘會同時設置展覽，重點介紹機場的最新發展，包括擴大後的機場城市發展計劃及各項創新技術，讓求職者了解在機場發展事業的機遇。

4 COMMUNITY COMMITMENT WINS PLAUDITS

推動社區發展備受讚譽

AAHK recently received the Community Achievement Award at The Hong Kong HR Awards 2024/25, organised by Jobsdb by SEEK, a market-leading online employment platform. The accolade commends AAHK's investment in the community and its recruitment initiatives for the airport community, including the EXTRA MILE project and the "HKIA Career Page" website.

Launched in 2018, the EXTRA MILE project serves as a collaborative platform among AAHK, its business partners and non-governmental organisations to empower working youth, non-Chinese speakers and airport staff with children.

The initiative aims to enhance community development while addressing labour challenges at HKIA. Furthermore, the "HKIA Career Page" was launched in 2024 to assist individuals in finding job opportunities at the airport. The website provides the latest information on job vacancies across HKIA, market intelligence in the aviation industry, and artificial intelligence-driven tools to help job seekers with CV and interview preparation.

機管局近期於網上求職平台的行業翹楚 – Jobsdb by SEEK舉辦的「The Hong Kong HR Awards 2024/25」中榮獲「社區成就獎」。此獎項表揚機管局對社區的投資及為機場社區招攬人才的工作，包括「EXTRA MILE 里•想高飛」項目及「香港國際機場就業網站」。

「EXTRA MILE 里•想高飛」項目於2018年推出，是機管局、其業務夥伴及非政府組織之間的合作平台，為在職青年、非華語人士和育有子女的機場員工提供支援。該項目致力促進社區發展，同時應對香港國際機場內

的人力資源挑戰。此外，「香港國際機場就業網站」於2024年推出，協助求職者在機場尋找工作機會，網站提供機場最新的職位空缺詳情、航空業的市場概況，以及應用人工智能工具協助求職者撰寫履歷及準備面試。

5 GBA NETWORK CONTINUES TO GROW

大灣區網絡不斷拓展

HKIA continues to expand its network of city terminals within the Greater Bay Area (GBA), with two new facilities opening in Panyu and Dongguan. Panyu marks the fifth city terminal established in 2025, while Dongguan is the sixth.

At both locations, passengers can obtain real-time flight information and purchase tickets for cross-boundary coaches to HKIA. The Panyu terminal offers 38 daily round trips to and from the airport, and the Dongguan terminal provides 16 round trips per day from Monday to Thursday, increasing to 17 round trips per day from Friday to Sunday. To further enhance the passenger experience, the terminals will introduce additional services, such as self check-in.

Featuring both land and sea connections to HKIA, the network of city terminals represents a key strategy for the airport to capitalise on the vast GBA market. It not only gives travellers from the GBA convenient access to international destinations through HKIA's extensive flight network but also facilitates overseas visitors in exploring the region. This connectivity

[5]

is crucial in reinforcing HKIA's status as the region's preferred international aviation gateway.

香港國際機場繼續拓展在粵港澳大灣區的城市候機樓網絡，於2025年第五及第六個新開設的城市候機樓分別於番禺及東莞開幕。

在這兩個城市候機樓，旅客均可獲取即時航班資訊及購買前往香港國際機場的跨境客車車票。番禺的城市候機樓每天提供38班往返機場的跨境客車服務，而東莞城市候機樓則逢周一至周四每天提供16班往返班次，周五至周日增至17班。日後還將增設自助登機等服務，進一步提升旅客體驗。

城市候機樓網絡涵蓋陸路及海路聯運交通，是香港國際機場開拓大灣區龐大市場的重要策略。該網絡不僅為大灣區旅客帶來便利，讓他們可輕鬆地經香港國際機場廣闊的航空網絡前往世界各地航點，同時亦方便海外旅客前往大灣區，這對鞏固香港國際機場作為區內首選國際航空樞紐的地位至為關鍵。

6 PRIMED FOR INCLEMENT WEATHER

惡劣天氣應對演習

AAHK successfully conducted the "Summer Blow 2025" exercise in the early hours of 7 March. Aimed at strengthening HKIA's preparedness and enhancing collaboration within the airport community during adverse weather conditions, the exercise involved more than 670 participants from 32 governmental departments and airport organisations, including the Hong Kong Observatory, Hong Kong Police Force, Hong Kong St. John Ambulance, Aviation Security Company Limited, local carriers, cargo terminal operators and ground, ramp and baggage handling agents.

During the exercise, the Airport Emergency Centre was activated, testing participants' familiarity with typhoon contingency procedures across various areas. They included airfield operations, baggage handling, flight rescheduling, management of disruption to the Flight Information System, crowd management, landside transportation and temporary resting facilities for airport staff.

7 GOING FOR GOLD

金色盛放 點綴機場

HKIA was recently graced with a touch of golden splendour as

more than 200 golden trumpet trees bloomed along the Golden Trumpet Trail, situated near the HKIA Historical Garden. These trees typically enjoy a blossoming period of seven to 14 days, showcasing a vibrant display of stunning yellow, bell-shaped flowers. Their presence infused the airport with lively energy and a cheerful springtime aura.

The Golden Trumpet Trail exemplifies AAHK's efforts to enhancing HKIA's aesthetic appeal through various landscape projects. Alongside the recently

expanded Cherry Blossom Garden, the trail has become a cherished attraction among visitors.

香港國際機場近日迎來一抹金色風采，位於香港國際機場古物園附近的「黃花風鈴徑」上，200多棵黃花風鈴木盛開綻放。這些樹的花朵呈鐘形，花期通常為七至14天，盛開時呈現出一片絢麗黃色，為機場注入蓬勃生機與歡欣春日氣息。

機管局積極推動多個園境項目，以美化香港國際機場的景觀，「黃花風鈴徑」是其中一個最佳證明。連同近期擴建的「櫻花園」，這條小徑亦深受遊人喜愛。

TOP LEADER IN ESG PERFORMANCE

環境、社會及管治表現領先同業

Airport Authority Hong Kong (AAHK) has been recognised as a “Top-rated Environmental, Social and Governance (ESG) Performer” by the leading ESG rating firm Sustainalytics for

the third consecutive year.

AAHK has retained its “Low Risk” ESG rating, placing in the top three of the 84 airports evaluated. It was commended for demonstrating a strong

The ranking further confirms AAHK’s leadership in ESG. The organisation proactively manages ESG risks through a comprehensive framework that effectively identifies and mitigates them.

香港機場管理局連續三年獲著名環境、社會及管治評分機構Sustainalytics評為「環境、社會及管治評級最高的公司」。

機管局保持了其「低風險」評級，在參與評比的84個機場中位列第三，在持份者管治、社區關係，以及排放、污水和廢物處理等範疇表現尤其出色。

該排名足證機管局於相關領域的領導地位。機管局積極透過全面的環境、社會及管治框架，有效識別並降低相關風險，從而進行管理。

HAECO POWERS UP WITH EXPANDED SOLAR CAPACITY

港機集團擴建太陽能發電系統

Hong Kong Aircraft Engineering Company Limited (HAECO Hong Kong) recently expanded its solar photovoltaic (PV) system at its base maintenance facility at Hong Kong International Airport (HKIA), making it the city’s solar power site with the highest electricity output from a single location.

In 2022, HAECO installed one of the city’s largest solar PV systems on its hangars 2 and 3. The latest expansion added 2,200 panels to hangar 1, bringing the total to over 8,000. The entire system can generate over 4,000,000 kilowatt-hours of electricity annually, equivalent to the energy consumption of approximately 1,300 households and comparable to an offset of 72,000 trees.

In alignment with the HKIA 2050 Net Zero Carbon Pledge, HAECO Hong Kong aims to electrify its fleet of commercial

"I discovered that I had lost my mobile phone near the spot where my taxi dropped me off at the

airport. After unsuccessfully searching for it, I went through security without it. I managed to borrow another passenger's phone and used it to locate mine outside the restricted area, near the security checkpoint.

I immediately rushed to the customer service counter for assistance, where Heidi was on duty. She listened carefully, gathered the necessary information from me and efficiently coordinated the retrieval of my phone with her colleague in the non-restricted area. Thanks to Heidi's prompt assistance and professionalism, I got my phone back in time to catch my flight.

I would like to extend my heartfelt thanks to Heidi and everyone else who helped

recover my phone. The service they provided was outstanding."

「我發現在機場的士下車位置附近遺失了流動電話。遍尋不果後，只好通過保安檢查。幸好，我向一位旅客借到了電話，並利用其定位功能發現我的電話就在禁區外靠近保安檢查站的範圍。

我立即前往顧客服務櫃檯求助，當時值班的正是霍詠君。她細心聆聽我的敘述，收集了必要資訊，並迅速地與非禁區的同事聯絡協調，最終尋獲我的電話。全靠她發揮專業精神，即時提供協助，讓我尋回失物並及時順利登機。

衷心感謝霍詠君及所有從旁協助的工作人員，他們展現了超卓的服務水平。」
